

The Conference Centre is going Green

Individual water bottles replaced with the service of fresh filtered water.
(The Hilton Lac-Leamy installed a second water filtration system)

No more paper coasters.

Paper notepads and disposable pens available only upon request.

Recycling paper, cardboard, glass and plastic in all hotel rooms.

All menus have been revised to minimize disposable individual packaging.

Choice of local suppliers to reduce the environmental impact resulting from transportation while supporting local economy.

No chlorine in the pools at the Hilton! Salt is being used for crystal clear water.
